

RoHS Compliance Statement

15 December 2006

Martin Audio Ltd. confirms that the products listed below, supplied to EC member countries from 1st July 2006, conform with the EU Directive 2002/95/EC (the RoHS Directive) which restricts the use of certain hazardous substances in electrical and electronic equipment.

Compliance status is determined either because the product does not contain any of the restricted substances in concentrations in excess of the values permitted or because levels in excess of these concentrations are permitted under exemptions listed in the Annex to the Directive. Confirmation of compliance is based on information provided to us by our suppliers, backed up with rigorous internal documentation processes.

Compliant Products:

Wavefront Touring products*
Wavefront Professional products*
Wavefront Theatre products*
Monitor Series products*
Blackline Series products*
Install Line Array products*

AQ Series products*
Ceiling Series products*
AM Series products*
Contractor Series products*
Cinema Series products*
MA Series Amplifiers

* = and accessories

Non-compliant Products:
